Calphormin Poultry+

Premium Quality Poultry Calcium Tonic for Strong Bones & More Eggs.

Benefits:

1. Calphormin Poultry Plus is a concentrated supplement of minerals and trace elements necessary for the good development of poultry (Broiler, Layers, Breeders etc.)
2. Calphormin Poultry Plus brings an optimum ratio of Calcium/Phosphorus to support the bone formation for poultry.
3. Calphormin Poultry Plus shows a better solubility of the egg shell: a crucial issue for farmers in the laying stage with a high contents of trace elements it support the growth & general health status of poultry during the peak production avoiding deficiencies linked to the lack of those trace elements, improving the feed conversion ratio & the immunity of poultry and optimize the liver function.

Direction for use:

Mix Calphormin Poultry Plus in the drinking water at the following concentration & recommendation. Broiler: 1 liter in 1000 liters of water 5 days from day 7th to day 12th, a second application from day 21 for 3 to 5 days. Layers: 1 liter in 1000 liters water during the 1st week of laying during 3 to 5 days renew the application during the week of the laying peak and also during the last month of laying. After Vaccination: 1 liter in 1000 liter of water during 3 days.

Composition > Phosphorus Calcium Magnesium Sodium Manganese Zinc Iron Copper Cobalt Selenium

(Per Litre) 7500 mg 32000 mg 10000 mg 15000 mg 2500 mg 2500 mg 500 mg 25 mg 25 mg 50 mg

Heat Stroke & High Body Temperature Solution

FIPIZONE BIOSCIENCES PRIVATE LIMITED
(AN ISO & GMP CERTIFIED COMPANY)

1000 ml

FIPZONE
FIVVERNO
Cool Down
Heat Stroke & High Body Temperature Solution

ADVANTAGES:
To Provide Control over High Body Temperature During Hot Weather, Humid Temperature, Bacterial & viral Infection & stress.
To control inflammation, Spasm during the coccidiosis, kidney disease, Respiratory disease, Choryza, Enteritis, diarrhoea, Dysentery.
To Provide Electrolytes, Minerals, Vitamins, Probiotics, Prebiotics To control & support General Body Condition & Correct osmotic Pressure & acid - Base Equilibrium of Body
For Faster Recovery of Birds & reduce mortality.

COMPOSITIONS:
Herbal Extract of Novel Herbs, Bio flavanoids, Essential oils, Essential Amino Acid, Vitamins, Minerals, mannian oligosaccharides, oligosaccharides, Trace Minerals With salicylate Salt, serratiopeptidase, Xylanase, Amylase, Protease, lipase Enzymes.

DOSAGE/USAGE :

| No. | Age of Birds | Dose per 1000 birds Per day | No. | Age of Birds | Dose per 1000 birds Per day |
|-----|--------------|-----------------------------|-----|--------------|-----------------------------|
| 1. | 1st Week | 25ml | 4. | 4th Week | 250ml |
| 2. | 2nd Week | 50ml | 5. | 5th Week | 250ml |

FIPZONE
ReSFi
Effective Solution For Choryza & Respiratory Problems

ADVANTAGES:
To Relieve Stress & Problem Like Coughing, Gasping, Dyspnoea, Sneezing, Nasal Discharge, Deficuit, Respiration/laboured Breathing.
To Control & Check Inflammation Bronchitis, Laryngitis, Alveolar emphysema, Pleuro Pneumonia.
To Protect From Respiratory Diseases of Bacterial, Viral & Mycoplasma (CRD) Causing Microbes.
To overcome vaccine reaction (Specially Due to Live Vaccines).
To improve antibiotic Titre like T & B Cells After Vaccination.
To improve Weight During Disease Conditions.

COMPOSITIONS:
Herbal Extract of unique Herbs - Glacynrhiza glabra, Terminalia chebula, Terminalia bellirice, Abies webbiana, Justicia adhatoda, Corcum long Piper nigrum,Celery, Eclipta prostrata, Embellia ribes, Tinospora cordifolia, Pueraria tuberosa, Piper longum, Trigonotis foenem, Phyllanthus emblica, Ginggiber o Linale,Allium sativum fortified with vitamin A D 3 E and methionine, lysine, Asparagus racemosus, Withania somnifera, Acorus Calamus, occimum gratissimum, boenhavia Off lusa, Andrographis paniculata, Terminalia Arjuna, phytochemicals, essential oils - Mentha piperita, Eucalyptus staigeriana, Cymbogan citratul, Allium sativum.

DOSAGE/USAGE : Through Drinking Water- Preventive - 50ml/ 1000 Birds / Day in to 2-3 Hours Water for 3 to 5 Days.
Prevention From vaccine Response & Immunomodulation : 60 to 80ml/ 1000 Birds/ Day in 2 to 3 hours Water Before & After Vaccination
Through Spray- 100ml per 15liter Clean Water For Spray

PRECAUTION
Keep out of reach of children store in cool & dry place.
Protect from direct heat & sunlight.

FIPZONE
OxyChlor - Nil
Bactericidal, Virucidal, Fungicidal, Algaecidal, Sporicidal, Deodorising, Oxygenating ClO₂ Precursor

FIPIZONE BIOSCIENCES PRIVATE LIMITED
(AN ISO & GMP CERTIFIED COMPANY)

1000 ml

FIPZONE
OxyChlor - Nil
Bactericidal, Virucidal, Fungicidal, Algaecidal, Sporicidal, Deodorising, Oxygenating ClO₂ Precursor

ADVANTAGES:
Very Fast & long Acting oxygenator for water & waterlines Compare to Other Sanitizers.
Does Not Have pH limitations & not corrosive For equipments.
Final Elimination of Pathogens in water & in Farms.
Effective & fast Sanitation Program with spraying & fogging.
Highly Effective against Bacteria, Viruses, Fungus, Algae, Spores, Mycoplasma
Easy to apply, Easy to Monitor & Very Safe.
Descaling & Remove Biofilm in Pipelines 10Times More effectively than H₂O₂
Effective Against Ranikhet Disease (New Castle Disease), Infectious Coryza, CRD, Avian Influenza, Infectious Laryngo trachitis, Fowlpox, Marek's Disease, Dermatitis, Brooder Pneumonia & Gram (Positive) Gram (Negative) Bacteria (E.Coli, Salmonella, Clostridium etc.)

COMPOSITION:
Chlorine dioxide precursor - 24.8 +/- 1%
Wt% as NaClO₂
Sodium Chloride - 4% Max
Wt% as NaCl

DOSAGES&Administration
1) Drinking Water During outbreaks-100ml per 1000 liter Water.
2) Spray - 100ml per 15liter Clean Water For Spray

PRECAUTION
Keep out of reach of children store in cool & dry place.
Protect from direct heat & sunlight.
Poultry feed supplement. Not for Human use. Not for medicinal use.
